Shelters for Israel:

Building our land since 1948

Shelters for Israel, a non-profit organization founded in 1948, is dedicated to providing funds for important projects in Israel. Originally begun by Jewish immigrants from Hungary to the United States, the early members were committed to helping survivors who had made their way to the new state of Israel. Housing was desperately needed and Shelters for Israel was there; our first projects helped with the tremendous need for shelter.

Soon many Holocaust survivors arrived in Los Angeles and joined Shelters for Israel; their passion and devotion to Israel has, until today, been an inspiration and guiding light for all that our organization accomplishes.

Shelters for Israel is an all-volunteer organization and has never had any paid staff or office space. Seventy years later, we are still helping with housing while seeking other ways to provide the physical and emotional shelter and support where it is most needed in Israel. In recent years, young people in disadvantaged areas, security, senior housing, and children with special needs have become our priorities. Learn more at SheltersForIsrael.org.
