LATET AID FOR LIFE

We would like to extend our support of Latet's Shelters for Israel program to help Holocaust survivors based in Afula in Northern Israel for another year. This program provides food and other essential supply packages, social worker check-ins, and so much more. This aid is especially crucial during this time of the lockdown due to Covid-19.

STOP CANCER/HALASARTAN

Shelters for Israel will sponsor a coordinator for two years with Stop Cancer/Halasartan to provide important support for young cancer patients ages 18-45. This coordinator will be based in Rambam Hospital in Haifa, and with your generosity, we hope to add an additional two year commitment for a coordinator at Rabin Medical Center in Petach Tikva, Israel as well as at other hospitals. During this time of Covid-19, these young cancer patients are especially alone and lonely, as they are not allowed to bring anyone with them into the Oncology centers; they face their diagnoses, their meetings, and their treatments alone. The coordinator is based at the hospital and in addition to accompanying them, helps to connect them with others in their situation, provides psychological and medical support and so much more.

SHANTI HOUSE

Shelters for Israel has supported Shanti's 24/7 Round the Clock Family Program for several years and the need is even more acute this year. This program offers a home at a Shanti House in either Tel Aviv or the Negev for homeless youngsters in immediate danger of descending to life on the streets. The Homes operate 24/7, all year round and the need is greater than ever.
